## What's a BAGCAT?

Rather than specialise in one event, the Amateur Swimming Association (ASA) believes that each swimmer should compete in a number of events to help develop swimming potential. In the UK, events are divided into categories ï the British Age Group Categories, or BAGCATS for short.

Prescot Swimming Club is introducing swimmers and parents to the BAGCAT scoring system in this gala. Swimmers will become familiar with the importance of competing in a range of strokes and distances. This gala is a great introduction to competitive swimming and leads the swimmer to the Liverpool Tadpole League, held in the autumn each year. Each swimmer should enter the 200m Free ( 400 m for $11 / 12 \mathrm{Y} / \mathrm{O}$ ) and an IM. They can then choose 2 events from the three 50 m and 200 m events, six events in total. This mirrors the events in the Tadpole Competition.

The overall position of a swimmer is the sum of the BEST point scored in each of the categories: 50 m Form, 200 m Form, 200 m Freestyle ( 400 m for 11/12 Y/O) and Individual Medley 9yrs and under swim the 100 m IM, 10-12yrs swim the 200 m IM. To win the BAGCAT prize, enter up to six events to score the maximum points (Only 4 events score). Swimmers may be surprised which stroke scores best, so we recommend entering six events across the strokes. The sum of the best score from each category is the BAGCAT total. The swimmer with the highest total wins the BAGCAT prize.
$1^{\text {st }}, 2^{\text {nd }} \& 3^{\text {rd }}$ place medals awarded in the following ages $8 \&$ under, $9,10,11 \& 12$. Presentations will be at the Club Race Night on the Friday $7^{\text {th }}$ June.
